Otago Postgraduate Medical Society Inc

# Visiting Lecturers Fund

To: Heads of Departments Dunedin School of Medicine and  
Otago School of Medical Sciences

Do you know an overseas academic who is visiting New Zealand in 2024 who would be interested in visiting your department and the Dunedin Campus?

Funding is available to bring academic visitors who are already in New Zealand for another purpose, to the Dunedin Campus.

Visitors would be expected to contribute to the teaching or research programme of your department, and if appropriate, interact with other staff.

Funds are available for a return airfare within New Zealand to Dunedin and an accommodation and sustenance allowance of \$200 per day, for a maximum of three days.

Applications in the form of a letter outlining the purpose of the visit, background of the visitor, cv, proposed dates of visit and the amount of funding required should be sent to:

***Amara Boyd***  
***OPMS Secretary***  
***Ground floor***  
***Adams Building***  
***18 Frederick Street***  
***Dunedin 9016***

Please allow three weeks to process and approve applications.

Regards  
OPMS Executive Committee
