Research with Pride

# Improving health outcomes for the Rainbow community

Join us to hear health researchers and partners in the Rainbow community discuss recent findings to help deliver better health outcomes. This is a great opportunity to build your understanding and ask questions of our panel.

- **Outcomes for children born with variations in sex characteristics**  
Dr Denise Steers together with Mani Mitchell (MNZM)
- **Engaging Trans communities in Trans health research**  
Alex Ker together with Dr Michaela Pettie

Dr Denise Steers
